By this time hopefully you have been to the ITS Business Office to complete applicable new hire paperwork or have scheduled an appointment to do so. The ITS Business Office website contains a Student Employment section which has a copy of this handbook as well as other resources for your use. You can find it here: <https://business.its.uconn.edu/student-employment/>

CUSTOMER SERVICE

Your actions, demeanor, and word choice are a reflection of the department and the University. Clear and concise communication patterns are exemplified by the following:

- Speak in a friendly and inviting tone
- Listen to the customer and summarize their concerns to clarify the issue/inquiry
- Ask questions politely to gather further information
- Respond to inquiries promptly

If you do not know the answer to a question, explain that you will research the inquiry to obtain the correct answer, and that you will contact the person in a prompt manner.

If you are rushing off to class, or cannot answer the inquiry, pass the message on to a co-worker to follow up with the customer. Provide all necessary details your co-workers will need to understand the nature of the inquiry.

Be aware of your surroundings when engaging in all conversations and be sensitive to the diverse environment in which we work. Also demonstrate sensitivity to customers who speak English as a second language, as they may experience difficulty in expressing their concerns. Demonstrate patience and ask questions to help them communicate their concerns.

PROBATIONARY PERIOD, WORK SCHEDULE AND ATTENDANCE POLICY

PROBATIONARY PERIOD

Upon hire, all student employees will be subject to a 90 day probationary period (which can be extended at the supervisor's discretion). During this probationary period, ITS may terminate employment immediately, with or without cause (including budgetary). Upon successful completion of this working test period, your employment may be continued. **Students are appointed on a semester basis and should not assume automatic renewal of appointment from semester to semester.**

WORK SCHEDULES

As stated by the Student Employment department: During a semester, on average, student employees work between eight (8) and twelve (12) hours per week, with a maximum of twenty (20) hours per week (recommended). International students are strictly limited to no more than twenty (20) hours per week during a semester. Up to 40 hours per week may be worked when class is not in session.

During intersession, spring break and summer, students should not exceed 40 hours per pay week in all UConn jobs collectively (this is the same for international students) without notifying their supervisor and the Business Office in advance (via email).

The number of hours a student works is typically based on the following considerations:

- The student's class schedule
- The department's staffing needs and fiscal restraints
- The student's award amount (for a student working under Federal Work-Study)

In creating your schedule, take into consideration any religious observations that result in you not being available for work.

LIMITED WORK HOURS

Part-time work for students is an important part of University activity. Such work provides much needed financial assistance and valuable work experience. In setting a work schedule, employers and students are encouraged to keep in mind that the student's primary focus should be on academic endeavors and that there must be a balance between educational responsibilities and work. The student's work schedule and number of hours per week should be negotiated between the student and the supervisor.

Under no circumstances may ITS student employees work more than 80 hours in a pay period (all UConn jobs collectively) without prior approval from their manager/supervisor.

MEAL AND BREAK POLICY

CONNECTICUT STATE LAW ON MEAL PERIODS

Under Connecticut State Statute (Sec. 31-51ii), hourly workers (students employed on the Student Labor and/or Work-Study payrolls) who work for seven and one-half (7 1/2) or more consecutive hours must be offered a period of at least thirty (30) consecutive minutes for a meal period. The law requires this period to be given some time after the first two (2) hours of work and before the last two (2) hours of work.

Although the State Statute (Sec. 31-5 1ii) states "must be offered" a period of at least 30 minutes, ITS students are required to take a period of at least 30 minutes for meal breaks off the clock unless other arrangements are previously made with the student's supervisor.

- **COMPENSATION OF MEAL PERIODS:** Student employees are not paid for meal periods which are thirty (30) or more consecutive minutes, in which they are released from work duties and/or are allowed to leave their workstations. Therefore, the meal period should not be logged as hours worked on the student's time card. The student must punch out for the time of the meal period on his/her time card.
- The ITS policy is that students will be allowed to take a 15 minute paid break if working 4 consecutive hours. Consider your work location when taking short breaks to use the restroom or get a beverage. To the best of your ability, ensure there is coverage in your absence. Students are to notify their supervisor when they are stepping away from the work area.

DEPENDABILITY

Dependability is crucial. When you are absent others must absorb a greater workload. Good attendance is an expectation and includes showing up for all scheduled work hours unless previous arrangements have been made with your supervisor. Excessive absenteeism may result in disciplinary action.

PUNCTUALITY

It is important that students arrive on time for their shifts. Repeated tardiness may result in disciplinary action.

PROMPT COMMUNICATION

If you are going to be late or are unable to cover your shift, please contact your supervisor immediately with notification and an anticipated return to work date. Do not email or leave a message on a voicemail. Speak with your supervisor or another department staff member (not a student employee). A belated explanation accounting for why you missed your shift is not acceptable and will be considered a no call/no show. Student employees should refer to their direct supervisor for call out procedures. Please contact your supervisors as soon as possible if you are going to be late or absent.

TARDINESS

Consistent tardiness may result in disciplinary action. If you are going to be late for your shift, please contact your supervisor and communicate your arrival time before your shift starts.

ABSENCES - SCHEDULED / UNSCHEDULED

Arrangements made in advance (more than 24 hours before a scheduled shift) to miss work for any reason will be considered a scheduled/excused absence. Calling in to cancel a shift with less than 24 hour notice is an unscheduled/unexcused absence.

CANCELLING A SHIFT

You are a student here at the university and we support your need to ensure you obtain the best grade possible in your course work. However, calling in at the last minute to report you cannot work due to the need to study is not an acceptable absence. Let your supervisor know well in advance (at least a couple of days before you are scheduled to work) of any time off for studying that you may need before exam time so other arrangements can be made to cover your shift. Reviewing your course requirements outlined in the course syllabi in relation to your semester work schedule may help you with managing your time accordingly. Calling in to cancel your shift at the last minute because you are going home for the weekend is considered an unscheduled absence.

Everyone gets sick. When you do experience an illness, notify your supervisor immediately. You are a valued employee and we depend on you to make the department run efficiently and smoothly. Qualified student employees have paid sick time they can use as needed. Please refer to the paid sick leave section for more information.

NO CALL NO SHOW - NOT ACCEPTABLE

No call no show is unacceptable. The 1st no call no show absence will result in a documented verbal counseling and will be kept in your employment file. A 2nd no call no show will result in a written warning. A 3rd will result in dismissal from employment.

HOLIDAYS AND RELIGIOUS OBSERVATIONS

The University is not closed for all holidays and religious observations. Do not assume you are not required to report to work. This should be discussed with your supervisor in advance. Straight hourly pay rate is paid on any worked holiday or religious observation. Students working on the student labor and work-study payroll are considered temporary, non-exempt employees and do not receive benefits such as holiday pay.

INCLEMENT WEATHER / SNOW DAYS

If the University is closed due to inclement weather, you will not be expected to work. However, if the University is open but conditions cause you to feel it would be unsafe to travel, you are not expected to work. Students working on the student labor and work-study payroll are considered temporary, non-exempt employees and do not receive benefits such as inclement weather pay. Please notify your supervisor before the beginning of your shift if you will not be reporting to work.

EXAM WEEK

During exam week, you are expected to work your scheduled shifts. Notify your supervisor as soon as possible if you have a scheduling conflict and the schedule will be modified.

TWO WEEKS NOTICE

It is recommended that students give two weeks' notice if they must terminate employment. Upon withdrawal or dismissal from the University, student employees must notify their supervisor and stop work immediately.

TRANSFERRING TO ANOTHER ITS DEPARTMENT

Transferring from one ITS department to another mid-semester is not allowed unless both supervisors agree. An agreed upon transfer date should be determined by the supervisors.

PAID SICK LEAVE – must have at least 17 hours sick time accrued to be eligible to use sick time

ACCRUAL OF PAID SICK LEAVE:

Student employees of the University of Connecticut begin to accrue paid sick time upon hire under the following terms and conditions:

- Student employees accrue one (1) hour of paid time for every forty (40) hours worked.
- The maximum accrual of sick time is forty (40) hours per calendar year.
- Student employees may carry over a maximum of forty (40) hours of unused sick time from one calendar year into the next, but the employee shall not be able to use more than forty (40) hours in one (1) calendar year.
- Under no circumstances are student employees entitled to any payout for accumulated but unused sick leave.

USE OF PAID SICK LEAVE

Student employees shall be entitled to the use of paid sick leave upon completion of their 680th hour of employment with the University. A maximum of forty (40) hours of sick leave may be used each calendar year. Sick leave may only be used in lieu of previously scheduled hours. Sick leave will be paid at the student employee's normal hourly rate at the time the leave is taken.

REASONS FOR USE OF PAID SICK LEAVE

Student Employees may only use accrued paid sick leave for the following reasons:

- To treat the employee's own illness, injury, or health condition; for the medical diagnosis, care, or treatment of the employee's own mental illness or physical illness, injury, or health condition; or for preventative medical care for the employee.

- For the treatment of the employee’s child or spouse’s illness, injury, or health condition; the medical diagnosis, care, or treatment of an employee’s child’s or spouse’s mental or physical illness, injury, or health condition; or preventative medical care for the employee’s child or spouse.
- For the employee’s treatment or service related to the employee’s status as a victim in a family violence or sexual assault incident, for the medical care or psychological or other counseling for physical or psychological injury or disability; to obtain service from a victim services organization; to relocate due to such family violence or sexual assault; to participate in any civil or criminal proceedings related to or resulting from such family violence or sexual assault.

If the reason for the sick leave is foreseeable, the student employee must provide at least seven (7) days advance notice to their supervisor. If the leave is not foreseeable, the student employee must provide as much notice as is practicable. Documentation signed by a health care provider may be required if sick time is used for leave of three consecutive scheduled work days or more.

PROFESSIONAL ATTIRE

ITS provides highly visible services to students, parents, faculty, administrators and visitors. As an employee of ITS your appearance reflects not only upon yourself, but the department as well. Please present an appropriate appearance during work hours. We suggest:

LETTER FROM THE PRESIDENT

Dear Colleagues:

The University of Connecticut is committed to assuring the highest standard of integrity in all aspects of University life and in all University and University-sponsored activities. While this goal is simply stated, its attainment requires concerted effort on the part of all members of the University community, particularly faculty, administrators and staff. Federal, state and local regulations which govern our activities are increasingly complex, and as the University’s activities expand in size, scope and prominence, it is important that all of us understand relevant policies and know what is required in terms of compliance and reporting.

The University of Connecticut Board of Trustees is the body that is ultimately responsible for ensuring full compliance. At the Board’s direction, the University has established a Compliance Program to help in our efforts to adhere to all federal, state and local regulatory requirements. A key ingredient of an effective Compliance Program is the establishment of a Code of Conduct. This Code of Conduct

was developed with input from faculty, administrators and staff.

This Code serves to guide the conduct of University activities in support of the University's mission and is designed to serve three key purposes:

1. To set the basic standards of workplace behavior that the University expects of all faculty, administrators and staff.
2. To state publicly the University's long-term commitment to the highest standards of integrity in education, research, health care, public engagement and service.
3. To assure that faculty, administrators and staff understand their shared responsibility for keeping the University in full compliance with all applicable laws, regulations and policies.

Please read the Code carefully and take all steps necessary to apply its standards. The University's Office of Audit, Compliance and Ethics is responsible for monitoring compliance and serving as a resource for questions and guidance on the Code, and on the University policies and procedures that spell out compliance requirements in greater detail.

A key element in assuring University-wide compliance is a system for reporting potential violations. In an institution this large and active, there may be areas of confusion; regrettably, there may also be instances in which individual behavior does not meet appropriate ethical expectations. Any University employee who observes a possible violation of law, regulation, policy or approved procedure has an obligation to report it. While a key element is reporting inappropriate activity, I want to emphasize that the most important element of any compliance or ethics program is working cooperatively to assure a positive climate of openness and integrity.

Great universities function as true communities in which faculty, administrators, staff and students collaborate to achieve common goals. That holds true for instruction, research, public engagement, service and, at the most fundamental level, ethical compliance.

I want to thank you for understanding and adhering to these standards, and for your commitment to the highest level of ethical conduct in fulfillment of our institutional responsibilities.

Sincerely,
Thomas C. Katsouleas

THE UNIVERSITY OF CONNECTICUT ETHICS STATEMENT

The standards contained in this Code of Conduct reflect the University of Connecticut's core values, as they have been articulated over time by generations of faculty, staff, administrators, students and the State of Connecticut. These values are essential and enduring tenets of our organization. A statement of these values, while reiterating concepts already well understood, is helpful in outlining the context in which our Code will operate. Please be advised that violation of the standards in this Code of Conduct may result in appropriate disciplinary measures.

Knowledge: Members of the University community value truth, the pursuit of truth, intellectual curiosity and academic freedom. Our faculty and students seek to create new knowledge and are committed to sharing ideas, research findings and the products of intellectual and creative pursuits with the broader community.

EDUCATION STANDARDS

The University of Connecticut recognizes education as one of its primary missions and strives to maintain a professional environment conducive to the development of its students.
